

Vehicle Tracking Device Notice

As a prospective employee or current employee, I understand my employer is offering me the opportunity to use a tracking device, which is defined as an electronic or mechanical device designed or intended to be used for the sole purpose of tracking the movement of a vehicle, person, or device.

As a driver of a company vehicle or my own vehicle on the company's behalf, I understand that it is my responsibility to operate the vehicle in a safe manner and to drive defensively to prevent injuries and property damage. Drivers must have a valid driver's license for the type of vehicle they are operating and must keep the licenses(s) with them at all times while driving. All drivers must comply with all applicable regulations.

I also understand that my employer will periodically review the tracking device to determine continued eligibility to drive a company vehicle or operate my own vehicle on the company's behalf.

I acknowledge the receipt of the above disclosure and understand that my employer or its designated agent may use a tracking device on a company vehicle or my own vehicle when used on the company's behalf. This acknowledgement is valid as long as I am an employee or employee candidate and may only be rescinded in writing.
