Important Questions	Answers	Why This Matters:			
What is the overall <u>deductible</u> ?	For <u>in-network providers</u> : \$2,800/individual - employee only or \$5,600/family maximum (no more than \$2,800 per individual - within a family) For <u>out-of-network providers</u> : \$5,000/individual - employee only or \$10,000/family maximum (no more than \$5,000 per individual - within a family) Combined medical/behavioral and pharmacy <u>deductible</u>	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .			
Are there services covered before you meet your <u>deductible</u> ?	Yes. In-network preventive care & immunizations.	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost-sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at <u>https://www.healthcare.gov/coverage/preventive-care-benefits/</u> .			
Are there other <u>deductibles</u> for specific services?	No.	You don't have to meet deductibles for specific services.			
What is the <u>out-of-pocket</u> <u>limit</u> for this <u>plan</u> ?	For <u>in-network providers</u> : \$3,750/individual - employee only or \$7,500/family maximum (no more than \$3,750 per individual - within a family) For <u>out-of-network providers</u> : \$10,000/individual - employee only or \$20,000/family maximum (no more than \$10,000 per individual - within a family) Combined medical/behavioral and pharmacy <u>out-of-pocket limit</u>	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.			
What is not included in the out-of-pocket limit?	Penalties for failure to obtain <u>pre-authorization</u> for services, <u>premiums</u> , <u>balance-billing</u> charges, and health care this <u>plan</u> doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.			

Important Questions	Answers	Why This Matters:
Will you pay less if you use a <u>network provider</u> ?	Yes. See <u>www.cigna.com</u> or call 1-800-Cigna24 for a list of <u>network providers</u> .	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a <u>referral</u> to see a <u>specialist</u> ?	No.	You can see the <u>specialist</u> you choose without a <u>referral</u> .
