

CertaPro Painters®

Free your business from the administrative hassles of HR, benefits and payroll with the CertaPro Painters HR Advantage program

Did you know? The average cost of managing administrative HR functions “in house” is \$2,000 per employee, per year.¹

You are in business for yourself, not by yourself.

That’s why we are introducing the CertaPro and G&A Partners relationship to provide our franchise holders with access to its comprehensive HR solutions at a special discounted rate through the CertaPro Painters HR Advantage program.

- Expert HR support from a team of professionals to help with everything from recruiting to employment law compliance to benefits and unemployment claims administration.
- Easy and error-free payroll administration services with the help of a dedicated payroll specialist.
- Give your employees access to affordable Fortune-500 level health insurance and benefits, with benefits administration support from dedicated industry experts.
- Easy-to-use HR technology systems that help you automate tedious administrative tasks without the high cost of owning your own systems.
- Workplace safety experts that can help you identify potential hazards and provide a safer work environment.
- Informative security awareness emails are sent weekly to G&A employees.

Who is G&A Partners

G&A Partners has been a leading national human resources service provider for more than 25 years. Headquartered in Houston, G&A Partners has offices throughout the United States and Latin America.

G&A Partners can deliver its expert HR services in two ways:

- Through its administrative services organization (ASO) model, which is similar to a traditional business process outsourcing arrangement; or
- Through its professional employer organization (PEO) model, which provides a more comprehensive HR solution.

Both models offer distinct advantages, and G&A clients can choose which model works best for their business’ needs.
